How to play

JAWBREAKER

Your player is **. Guide** **through the**  **, eating** **and running from** **. If you eat a** **instead of a** **, the** **will turn into** **for a short period of time. During this time, you can eat**  **, but when you do, the** **you eat will turn back into a** **and you'll have to run from him again. When the remaining** **start to blink it means that very soon all the** **will be** **again.**

From time to time, a  **or maybe even a** **will appear in the** 
These taste very good. So if you can eat them without running into , you should.

If at any time in the game, a should get your , its will fall out  . You only have three 's. If all three lose their the game is over.

To win the game, eat all the and out of the  (stopping to eat , , and of course 's.)

After you've eaten through the  , its time for some quick hygiene . We have to keep the strong and clean because next  , the are quicker and they don't stay as long.

Enjoy the Game!

This arcade game takes you to the candy store for a wild game of tag with some of the rowdiest playmates you'll find anywhere. If you can eat all the sweets, the bratty kids will stop bothering you and after a quick stop and a brushing of the teeth, it's off to the store for another day of sweets and tag.
